

## Noted Aviation Photographer Speaks at Engineers Club

*Dick Palmer*

On Thursday, March 28, noted Aviation Photographer Dan Patterson treated a good crowd of attendees to a fascinating slide show and stories of some of the planes and the people he has photographed for an upcoming book, "Faces of the Aviation Century." A native Daytonian, Dan started out with his tastefully-done booklet on the Air Force Museum's "Shoo Shoo Shoo Baby," a famous B-17G that was restored to pristine condition and flown to the Museum in 1988. Aviation photography became an avocation for Patterson. He has followed up with excellent books on the RAF "Spitfire" and

"Hurricane", the American P-51 "Mustang", the German Bf-109, on famous Aircraft Engines, and on cockpits and gunners. His "American Eagles-A History of the US Air Force" was done for the US Air Force in time for their 50th anniversary in 1998. You can log onto his website at [www.flyinghistory.com](http://www.flyinghistory.com)

Mr. Patterson's presentation was part of the The Dayton Aviation Heritage Speaker Series, jointly sponsored by the Dayton Aviation National Historical Park and the Engineers Club of Dayton's Education Committee

## Mark Bernstein to Present "The Grand Eccentrics"

Charles Kettering, 'Boss Ket,' did not take a ride in an automobile until the age of 29, yet was the industry's technical master
