

John Sullivan Honored

Long-time Member Feted for Contributions to Club

Over 50 Club Members turned out on December 1 for a reception in honor of Mr. John Sullivan. Mr. Sullivan has been a Member for over 50 years, and recently donated a generous contribution to the Engineers Club Foundation. His donation is structured to provide capital to the Club for 10 years.

Ms. Francis Repperger, Mr. Sullivan's daughter, sponsored the event, which was held in the Library, with several people spilling onto the Loggia because of the large crowd. All who attended lauded Mr. Sullivan for his many contributions to the Engineers Club. *The Engineer* would also like to extend its appreciation; Mr. Sullivan represents all of the ideas of this Club. Congratulations, John!

Super Science Saturday

Second in Series to be Presented January 15

The Affiliate Societies Council (ASC) Education Committee, in cooperation with the Engineers Club, is sponsoring the second Super Science Saturday (S³) on January 15. Engineers from WPAFB will be presenting a hands-on workshop entitled "Learn About Flying."

If you are interested in having your child attend this event, or if you would like to volunteer your time for the workshops, please phone the ASC at 224-8513 for more information. There are also application forms available at the Engineers Club.

Also, a special thanks to Ms. Sherry Farmer for her work on October's S³. Without volunteers like Ms. Farmer, these events wouldn't be possible.

Club Members Celebrate Holiday in France

Second in Cultural Series Held on December 3

Nearly 170 Club members are unpacking their bags having just returned from A Holiday in France on December 3. This cultural/holiday event at the Club was an undeniable success, and a good time was had by all who attended.

While guests were enjoying tours of the Club, events were beginning in the English Room. During the reception hour, members and their guests enjoyed a tasting of fine French wines led by Dennis Hall of Fairfield Wine, and enjoyed a selection of French cheeses and bread sponsored by Barrett Paving Materials. Attendees were also able to leisurely stroll through a black and white pictorial tour of France brought to us by Ronald Kerans and the Tripod Photo Club. The Le Club Francais Singers wowed the crowd, performing carols in French.

The evening culminated in a French buffet masterfully prepared by Chef Doug Baker. Kudos to the Chef echoed throughout the room as diners tasted his fine delicacies! People were continuing to enjoy the atmosphere, cuisine and conversation well after the planned 9 p.m. ending time. Many thanks to Club member Donald Rosenbarger, and his associate Cedric Garnier, for their generous support. Fairfield Wine, Kendall Printing, Le Club Francais, Barrett Paving Materials, The French Club of Dayton, and the Tripod Photo Club also deserve a round of applause and our support. Be on the lookout for future 'trips' the Club will be taking you on—pack your bags, and get your passport ready!!
